NEW

Bose® Wave® music system

- *Forbes FYI* says you'll think that you're listening to a "...system that costs five times more."
- Compare the sound to much larger, more expensive, multi-component stereos.
- Easily fits on a shelf, desk or countertop.
- Includes CD/MP3 CD player, FM/AM tuner, clock and alarm.
- Optional Multi-CD Changer available.

Bose® Acoustic Wave® music system II

- The *Chicago Tribune* called the original model "the world's most remarkable compact, one-piece stereo."
- This new version delivers even better sound, in even larger spaces.
- Very portable, with CD player and FM/AM tuner.
- Connect your powered or wireless microphone to turn it into a public address system.
- Optional 5-CD Changer available.
